

Iron Boy Wireless IP Camera

 INDOOR CAM	 NIGHT VISION	 PLAY BACK	 7*24 HOURS	 ALARM
 SD CARD	 WIRELESS	 P2P STREAM	 DUAL AUDIO	 REMOTE SET

"I am Iron Boy!" Everyone likes Iron Boy, it is our best selling product. Night vision, sensitive motion capture function, two-way communication, so many powerful functions to keep you safe, he is our superhero, cool and smart. It will be much more comfortable to talk with Iron Boy than an unfriendly monitor, which is our purpose: Make monitoring become accompanying.

Technical Parameters:

Model		A160	
Operating System	Compression Technology	New optimized H.264 Baseline Profile compression algorithm	
Video	Sensor Type	1.3million CMOS sensor	2.0million CMOS sensor
	Resolution	1280*960	1280*1080
	Frame rate	1-25fps	
	Minimum Illumination	Daytime mode 0.1 LUX, night vision mode 0.01 LUX	
	Signal to Noise Ratio	≥38dB	
	CMOS Performance	Supports automatic white balance, automatic gain control, automatic back lighting compensation	
	Lens/visual Angle	2.8 mm	
Audio	Coding Standards	AMR/G.711A	
	Audio Input	Support - 38dB microphones	
Pan-Tilt	Control	Level 355	
Network	Network Interface	10Mbps / 100Mbps ADAPTS to the RJ45 interface	
	Network Protocol	TCP/IP, HTTP, TCP, UDP, SMTP, DHCP, DNS, P2P, etc	
	Wireless	WIFI802.11 b/g/n wireless network	
Security Function	Alarm Input	433 band learning wireless sensor alarm input	
	Alarm Detection	Maximum available 64 wireless alarm sensor, support one key close/withdrawal	
	Motion Detecting	support	
APP		Yosee (interesting)	
System Requirements	System Configuration	Ios7.0, Version 3.0	

Other	Onvif protocol	support
	Power Supply	DC5V2A
	Working Temperature	-10°C~+50°C
	Working Humidity	≤80%RH
Package Size	Single Weight	430g
	Single Package Size	250*90*170mm
	FCL Packaging Size	540*480*420mm
